SMOOTH RIB & TRAPEZOID

Owens Supply Co. Plained (Chicago), IL 1-866-566-7135 www.owensupply.com

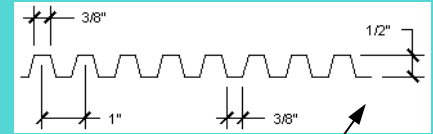

Southern Metal Form Liners are used to create an architectural finish on exposed concrete. Form Liners are attached to the forming system prior to concrete placement. After concrete placement and normal curing time, the form and liner are stripped to reveal the desired finish.

Southern Metal Form Liners are available in several patterns and textures, as well as varying grades. Most patterns are available in 2 or 3 grades and are designated as follows:

Patterns are shown: **form side up**

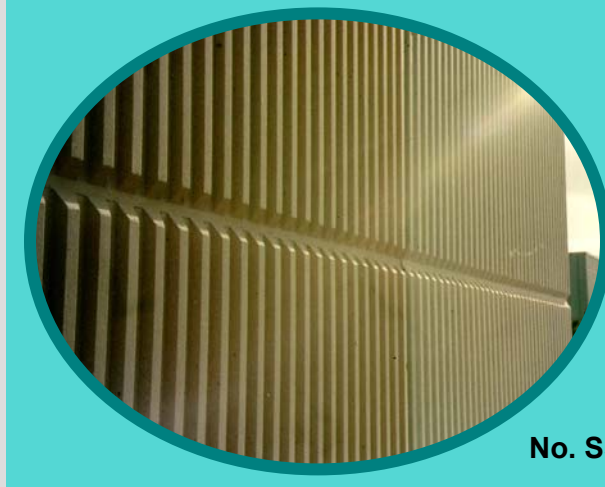

- S = Single Use** (one use)
- M = Medium Use** (2 – 10 reuses)
- H = High Use** (10 – 25 reuses)

Concrete side

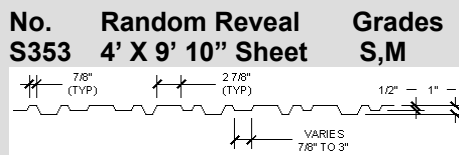

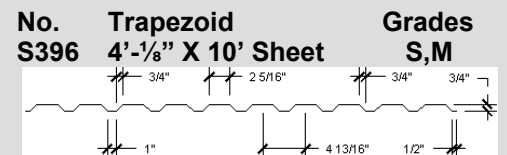

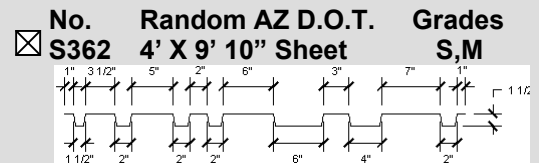

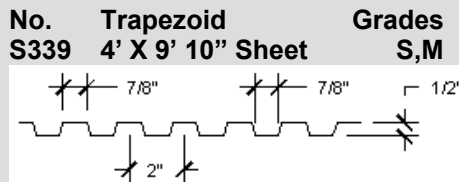

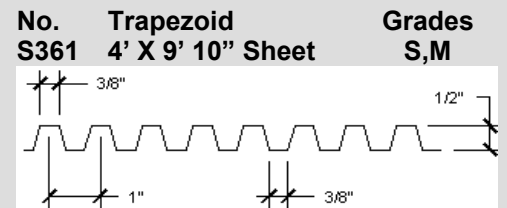

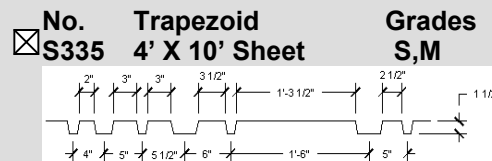

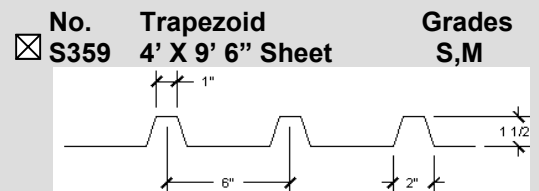

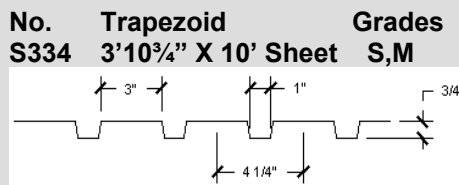

This symbol designates patterns requiring back-up strips to prevent the Form Liner from deflecting during concrete placement.

No. S305

Typical Applications:

- Commercial Buildings
- Institutions
- Retaining Walls
- Sound Walls
- Parking Garages
- Corporate Signs

No. S351

No. S367

NOTES

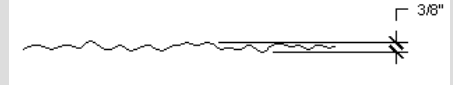

- Single Use Liners do not require a release agent
- Mock-ups are strongly recommended and *required* for warranty
- Liners are UV stabilized, but should not be over-exposed to sunlight
- Liners will become more rigid below 25°F and should be handled carefully

- Allow for fluctuations with Liner dimensions due to temperature changes
- Properly seal all liner abutments
- Vibrate concrete to eliminate lift lines and to minimize surface voids
- Clean reusable Liners between castings with mild soap and brush
- Use back-up strips when necessary
- Call Southern Metal & Plastics for additional information

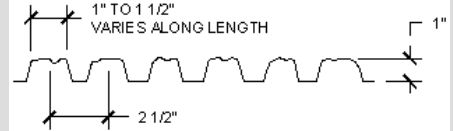

No. S347 Trapezoid with Aggregate Grades S,M
3' 11 1/4" X 9' 10" Sht

WARRANTY: Products will be free from defects and will perform as stated, provided the application and construction practices are per our installation recommendations and the actual job construction duplicates mock-up materials, methods, workmanship, placement rates, form pressures, joint sealing and stripping practices. If product does not meet the published product specifications and our customer gives notice to Southern Metal & Plastics before installation, we will replace the product without charge or refund the purchase price.

Product replacement or refund is the sole remedy for breach or warranty and we will not be liable for any indirect, consequential, special or resultant damages. Final suitability of information or material is the sole responsibility of the user.
